IMAGINE A SPECIAL EVENT
IN A UNIQUE SETTING

The Ramon Sánchez-Pizjuán is the ideal location for business events. Sevilla FC, founded in 1890, offer our facilities to give your event a special feel with both tradition and modernity coming together, giving it a unique atmosphere in one of the most legendary stadiums in Spain and Europe.

Our stadium is the ideal place for a whole host of business events such as: meetings, product presentations, conferences, business meals and drinks, or even sporting activities.

Its magnificent location, right beside the city centre, as well being only 5 minutes from the Santa Justa Train Station (AVE) and on the way from the airport, together with a great array of hotels and shops nearby, make the Ramon Sánchez-Pizjuán the perfect place for your event.

Just imagine: a special event in a historic setting. A stadium which has hosted a European Cup final, the World Cup semi-finals in 1982, as well as every home game of Sevilla FC.
